A beautiful half-day off-road route through the three massifs of Picos de Europa.

The off-road route will end in Cain, where we will start the Cares Route, accompanied by a qualified guide.

We will take you from our activity base in Arriondas to Cain (León) to start the "Ruta del Cares" hiking route. Our proposal is different from others, as the route will be done in a 4x4 vehicle, which will take you through roads and tracks in the National Park of Picos de Europa.
